

2020 Season Update

We finally have some good news, Footy is back, well training at least :-)

Training times will be as follows

Seniors - Tues and Thurs 6pm-7.30pm

- (Beginning 16th June)

Reserves - Thursdays only 6pm-7.30pm

- (Beginning 18th June)

U10s, 12s, and 14s - Thursdays only 4.30pm-5.30pm (Beginning 18th June)

- U10s, your designated area will be the middle section of the ground
- U12s, your designated area will be at the goals at the scoreboard/amart end of the field
- U14s, your designated area will be the other end of the field at the other goals
- When you arrive please go straight to your designated area

Unfortunately due to lack of numbers we will not be fielding an **U8s or 16s** team this season.

Of course there will be strict rules and regulations that we as a club must follow, we have listed them below. **In order for our club to return to training and games as smoothly as possible we ALL need to follow these rules.**

- You must arrive no more than 5 mins before training starts
- You must come to training dressed and ready (including boots on) as change rooms will be locked
- Must bring your own labelled water bottles
- Must leave as soon as your training session has finished, there will be no hanging around afterwards
- Parents, we prefer if you could drop your child/children off and then pick up at the end of training, if this is not possible we ask that you remain in your car
- Sanitize hands before and after training and at each break during training
- Each group of 20 must stay in their designated area while training
- Remember to follow social distancing protocols
- If you are unwell in anyway please DO NOT attend training and let your coach know
- We will have more information regarding games as they come to hand.

If you have any questions please contact your coach or msg our fb page.
We look forward to seeing you all back next week.
